

Freestone County Raceway Drone Policy:

Freestone County Raceway expressly prohibits the use of any drones on the property without express consent from the management.

Any use of drones without this express consent could result in forfeiture of the drone for the duration of the event.

Consent to operate a drone will consist of proof of FAA license and appropriate insurance as required by management.

Upon any consent to operate a drone at NO point will the drone be over any Racing surface or Hot area of the track.

Thank you – Freestone Raceway
